Hall & Son's advessisement in the Masical World and Times: "With the great and increased attention now given to the study of munic, the present demand for this beautiful and graceful Instrument should not be a matter of surprise. A few years ago it was quite a novelty to bear a Lady of Gentleman play the Guitar, but the popularity of the instrument has so greatly increased, that there is now scargely a family of any musical petention, but at least one of its members number among their accomplishments that of pizying the Guitar." William Hall & Sons are making a very superior article in that line, and their instruments are warranted to stand any climate. We have those of their make, and also, the German and Spanish Guitar, from \$3 to \$30 mach. Also strings of the very best quality.
